## COMMUNITY DEVELOPMENT CORNER

### ANIMAL CODE DIALOG

At Town Council's direction, Town Planning and Zoning Commission and Staff continues the effort of reviewing town code sections regarding animals.

In September, Staff met with Yavapai County Sheriff's Office. Along with policing services, YCSO also provides animal control services to the Town citizens. The Staff meeting was productive and YCSO is completely on board to collaborate with Town Officials and Citizens on this review process. We spoke about enforcement matters of Town Code of Ordinances Chapter 90 Animals (Please note that animals are also regulated in Chapter 153 Zoning Regulations; Chapter 153 is enforced by Town code enforcement personnel).

In an effort to continue the "animal code" dialogue with D-H residents, Staff has scheduled another **Citizen Outreach Meeting for 5pm Wednesday, October 8th**, at "Scoop Ice Cream" located in

**Humboldt Station** (Hwy 69 & Main St—by the Chevron). YCSO Staff plans to attend the meeting. For questions, please call Connie Dedrick, Community Development Coordinator, at 632-7362.

### STOP BY THE "DRINKING WATER CORNER" AT THE AGUA FRIA FESTIVAL

By Sarah Wilkinson, U of A

Join the University of Arizona, U.S. Environmental Protection Agency, and AZ Dept. of Environmental Quality and Health Services at the Agua Fria Festival, October 4-5 at Riata Pass (3525 S. Hwy 69). Stop by for information and fun activities for kids and adults on water-related and other environmental issues.

Water experts will be on hand to talk about water testing and treatment. Bring your own well water test report if you would like help understanding the results. Look for the colored spinning trivia wheel, and join us for some safe drinking water fun!

(Editor's Note: This might be especially informative as the Humboldt Water System company [NOT a Town utility] has reported, in a notice dis-

tributed to users 8/27/14, that it once again violated drinking water standards. Test results from 7/20/14 show twice the acceptable level of arsenic in the water.)

### CALLING ALL LOCAL BLOOD HEROES

The October blood drive is almost here. Now is the time to help save lives, and don't doubt that you really do! One young lady has had over one hundred transfusions as her body can't manufacture red blood cells. She is beautiful, bright and intelligent, and you may have helped to save her life.

The next drive is **October 21st** at the **Humboldt Bible Church** on Old Black Canyon Highway. It starts at **2:00pm**. There will be homemade cookies and treats for all BLOOD DONORS. Please come and support your community.

My name is Mary Franks. You can contact me at [928 237 6596](tel:9282376596) or 642 2115 and I can sign you up. Or you can go to United Blood Services and sign up for the Dewey Humboldt/Blood drive. Your blood will be deeply appreciated.

### GUIDE TO CALLING 911

**9-1-1 NEEDS TO KNOW WHERE TO GO.** When calling 9-1-1, one of the first things you'll be asked to provide is the location of the emergency you're reporting. The call taker may not automatically know your location or may ask you to confirm it. Provide as much detail on your location as possible, such as landmarks, cross streets and mileposts.

#### REMAIN CALM, BE PREPARED.

Try to stay calm, give information and follow all instructions. Professional call-takers are trained to get information from you. Listen carefully and answer as concisely as possible. Remember that even if the dispatcher is still asking questions.

**HELP 9-1-1 HELP YOU.** The more you know what to expect when you call 9-1-1, the faster 9-1-1 can get you the help you need. You can save a life! Follow all instructions the 9-1-1 call taker gives you, and don't hang up until the call taker does. If you get cut off, call back and explain that you were cut off.
