Use Permit/Zoning Map Change Process Summary

APPLICATION REVIEW: Once it has been determined by staff that your application is complete, a copy of your site plan, letter of intent, and other pertinent information such as drainage, traffic, etc., will be forwarded to various reviewing agencies for their review and comment. If those reviewing agencies find that the information submitted is complete enough for them to assess your proposal and find the proposal to be acceptable, your request will be scheduled for the next available Planning and Zoning Commission public hearing.

NOTIFICATION: Prior to the Planning and Zoning Commission hearing, a notification that your Use Permit/Zoning Map Change request will be considered by the Planning and Zoning Commission will appear in the local newspaper. A poster, announcing the date and time of the Commission's hearing where your request will be considered, will be placed on your property and notification letters will be sent to surrounding property owners within three hundred feet (300') of your property. Even though you are fulfilling the application's citizen participation requirements, all of these notifications are intended to allow members of the public the opportunity to express their support for, or opposition to, your application as part of the public hearing process.

ISSUES CONSIDERED: When the Planning and Zoning Commission considers your request, the following items may be considered:

1. Does your request conform to, or conflict with, the Town of Dewey-Humboldt General Plan and the specific Community Plan for the area (if a Community Plan has been adopted for the subject area);
2. Does the surrounding neighborhood support or oppose your request;
3. Have all health and safety issues been addressed;
4. Is the use compatible with, and adequately buffered from, surrounding land uses (if necessary);
5. There could be other issues that are specific to your application that the Commission may consider as well.

APPROVAL/DENIAL: The Planning and Zoning Commission will forward a recommendation to the Town Council to approve or deny your application; however, they may postpone (defer) consideration of your request until such time as you have submitted additional information, if necessary to make an informed decision. Use Permits and Zoning Map Changes are approved by the Town Council, at a separate hearing, after the Planning and Zoning Commission has reviewed the request and offered a recommendation of approval or denial. Approvals may be subject to a number of conditions, if the Commission feels they are warranted, in order to address any impacts as well as public health, safety and welfare issues.

**To assist with insuring that your application is processed in as timely and efficient manner as possible, you should stay in contact with the planner that has been assigned to your application, as your application is being processed.*

PUBLIC PARTICIPATION PLANS AND REPORTING GUIDELINES

Introduction:

The purpose of the Citizen Participation Plan is to ensure early and effective citizen participation in the land use entitlement process and to afford potentially affected citizens an adequate opportunity to learn about such applications. Citizen Participation Plans and Citizen Participation Reports are required for applications for the following:

- Use Permits
- Variance
- Rezoning and PAD Overlay
- General Plan Amendments

Citizen Participation Plans are due at the time the formal application is submitted and describe what are going to do to contact citizens and tell them about your project. At least one neighborhood meeting is required to be held prior to the public hearing.

Citizen Participation Reports document the results following the implementation of the plan.

Citizen Participation Plan

Because the level of citizen interest and area of involvement may vary depending upon the nature of the application, location, and size, the applicant shall consult with the Zoning Administrator to determine the target area for notification. At a minimum, the Citizen Participation Plan shall include at least the following:

1. A notification target area including at least:
 - A. Property owners within the public hearing notice area;
 - B. The head of any homeowners association or community or neighborhood within at least 1000 foot radius of the project site, unless a greater distance is required by the Zoning Ordinance;
 - C. Other interested parties who have requested to be placed on the interested parties notification list maintained by the Zoning Administrator; and
 - D. Those residents, property owners, interested parties, political jurisdictions and public agencies that may be affected by the application; and
 - E. Any other parties that may be determined by the Zoning Administrator.

2. The Plan shall include the following information:
 - A. How interested and potentially affected persons will be notified of the application;
 - B. How interested and potentially affected persons will be informed of the substance of the changes, development, or amendment proposed;

- C. How interested and potentially affected persons will be provided an opportunity to discuss the proposal with the applicant and express any concerns, issues, or problems they may have with the proposal in advance of the public hearing (such as neighborhood meetings, phone contacts, or door-to-door visits);
- D. The applicant's schedule for implementation of the Citizen Participation Plan;
- E. How the applicant will keep the Zoning Administrator informed on the status of implementation of the plan.

Citizen Participation Report

- 1. The Citizen Participation Report shall be provided to the Zoning Administrator prior to the notice of public hearing being mailed, published and posted. The Zoning Administrator will provide the report to the Planning and Zoning Commission and the Town Council prior to any public hearing or action on the proposal.
- 2. The Citizen Participation Report shall include the following information:
 - A. Details of techniques the applicant used to involve the public, including:
 - i. Dates and locations of all meetings where citizens were invited to discuss the applicant's proposal;
 - ii. Content, dates mailed, and numbers of mailings, including letters, meeting notices, newsletters and other publications;
 - iii. Where residents, property owners, and interested parties receiving notices, newsletters or other written materials are located;
 - iv. The number of people who participated in the process;
 - v. A summary of citizen concerns, issues and problems expressed during the process including the substance of the concerns and how the applicant addressed or intends to address them; and
 - vi. Citizen concerns that the applicant is unwilling or unable to address and the reasons why.
 - B. Copies of comment letters, petitions, and other pertinent information received from the residents and other interested parties.

Failure to comply with the Citizen Participation Plan and Report provisions herein may result in postponement, rescheduling or denial of an application.

Considerations for preparing Citizen Participation Plans and Reports:

- 1. Start to develop the Citizen Participation Plan prior to the Pre Application Meeting.
- 2. Note that the Citizen Participation and Property Owner Notification are two separate requirements. Do not limit citizen contacts to property owners within 300 feet of the boundary of the proposed change: Consider also the neighborhoods' residents who may be directly or indirectly impacted.
- 3. If the application is for family-oriented housing, include the appropriate school district on the contact list.
- 4. Hold at least one neighborhood meeting. Give the contacts at least a full week notice prior to holding the meeting. Hold the meeting within a half-mile of the site if possible. Have sign-in sheets and have someone take notes. Always invite Town of Dewey-Humboldt staff to the neighborhood meetings.

§ 153.023 CITIZEN PARTICIPATION.

(A) *Citizen participation plan.*

(1) Every applicant who is proposing a project which requires a public hearing shall include a citizen participation plan, which shall be implemented prior to the first public hearing. This process shall be started prior to submitting a rezoning, general plan major amendment or use permit application.

(2) Purpose:

(a) Ensure that applicants pursue early and effective citizen participation in conjunction with their applications, giving them opportunity to understand and try to mitigate any real or perceived impacts their application may have on the community;

(b) Ensure that the citizens and property owners within the community have an adequate opportunity to learn about applications that may affect them and to work with applicants to resolve concerns at an early stage of the process; and

(c) Facilitate ongoing communication between the applicant, interested citizens and property owners, town staff, Planning Commissioners and elected officials throughout the application review process.

(3) The citizen participation plan is not intended to produce complete consensus on all applications, but to encourage applicants to be good neighbors and to allow for informed decision-making.

(4) The level of citizen interest and area of involvement will vary depending on the nature of the application and the location of the site. The target area for early notification will be determined by the applicant after consultation with the Zoning Administrator. At a minimum, the target area shall include the following:

(a) Property owners within the public hearing notice area required by other sections of this chapter;

(b) The head of any homeowners' association or community/neighborhood within at least 1,000 feet radius of the project site, unless a greater distance is required by other sections of this chapter;

(c) Other interested parties who have requested that they be placed on the interested parties' notification list maintained by the Zoning Administrator;

(d) Those residents, property owners, interested parties, political jurisdictions and public agencies that may be affected by the application; and

(e) The Zoning Administrator may determine that additional notices or areas be included.

(5) At a minimum, the following information regarding the involvement of the target area must be included:

(a) How those interested in and potentially affected by an application will be notified that an application has been made;

(b) How those interested and potentially affected parties will be informed of the substance of the change, amendment or development proposed by the application;

(c) How those affected or otherwise interested will be provided an opportunity to discuss the applicant's proposal with the applicant and express any concerns, issues or problems they may have with the proposal in advance of the public hearing;

(d) The applicant's schedule for completion of the citizen participation plan; and

(e) How the applicant will keep the Zoning Administrator informed on the status of his or her citizen participation efforts.

(6) These requirements are in addition to any notice provisions required by state statute and the Planning and Zoning Ordinance.

(7) Extenuating circumstances may warrant the Zoning Administrator to cause the applicant to hold additional citizen participation meetings, including but not limited to:

(a) Timeframe between the last meeting and the date of the submittal; and

(b) Any substantial changes that have occurred to the development proposal since the last citizen participation meetings were held.

(B) *Citizen participation report.*

(1) The applicant shall provide a written report on the results of his or her citizen participation effort prior to the notice of public hearing. This report will be included in the information provided to the Planning and Zoning Commission by the Zoning Administrator at the public hearing on the matter.

(2) The citizen participation report will include the following information:

(a) Details of techniques the applicant used to involve the public, including:

1. Dates and locations of all meetings where citizens were invited to discuss the applicant's proposal;

2. Content, dates mailed and numbers of mailings, including letters, meeting notices, newsletters and other publications;

3. Where residents, property owners, and interested parties receiving notices, newsletters or other written materials are located; and

4. The number of people that participated in the process.

(b) A summary of concerns, issues and problems expressed during the process, including:

1. The substance of the concerns, issues and problems;

2. How the applicant has addressed or intends to address concerns, issues and problems expressed during the process; and

3. Concerns, issues and problems the applicant is unwilling or unable to address and why.

(Ord. 08-44 § 209, passed 10-21-2008)
